BIOGRAPHY

AMIRAF is an Iranian DJ and electronic music artist who grew up in Türkiye, where he found his artistic identity in the underground electronic scene. A resident and the event planner of No More Silence™, he plans the nights and then plays them.

Focused on hard techno, he delivers high-intensity sets built on relentless rhythms, powerful kicks and raw, industrial energy, with detours into fast groove and psy techno. His performances are known for their dynamic flow, precise transitions, dark atmospheres and a deep connection with the crowd. Some call it noise; he calls it therapy.

He has played IN VERRUF at ROXY Istanbul, Seven Deadly at Temple, THE END Club and Dünya Kadıköy, and released “BENI AL” via No More Silence. With a constant drive to evolve, AMIRAF keeps pushing his sound toward the global hard techno scene.
